

DIMENSIONS OF THE INLETS AND OUTLETS:

|        | C × V | MC          | DN  |
|--------|-------|-------------|-----|
| INLET  | 90X90 | M16 DEEP 30 | Ø82 |
| OUTLET | 90X90 | M16 DEEP 60 | Ø60 |

Main performance parameters

|                          |             |
|--------------------------|-------------|
| Project                  | 1st section |
| Theoretical disp. (ml/r) | 246.7       |
| Rated pressure (MPa)     | 23          |
| Range of speed (r/min)   | 600-2200    |
| Working pressure (MPa)   |             |
| Working speed (r/min)    |             |
